Eat your fish and chips with a clear conscience

To help our customers make an informed choice, all the meals we sell have been professionally analysed for nutritional content. The results show that our standard fish and chips contains just 890 calories and 37 grams of fat and our Lite Bite (small fish with small chips) contains just 499 calories and 28.4 grams of fat. You can view the calorie content for all our meals on our menu and the full nutritional data for all our meals on our website.

So how does that compare with other takeaway meals?
